

Physio is first to get taste of Salt at Tweed Coast

A PHYSIOTHERAPY practice and a design and engineering firm have secured the first boutique office tenancies to be offered at Salt Village on the Tweed Coast.

The commitments for the two offices leave four of the initial six tenancies launched to market still available.

Salt Village head of commercial and retail, Jack Ray, said the boutique tenancies ranged from 37sq m to 85sq m and were priced from \$350/sq m.

“This office release should really appeal to the niche market of resident professionals in the Tweed Coast region, who until now have mostly been forced to commute,” he said.

Mr Ray said the office tenancies boasted views to Mt Warning.
